LOK SABHA

UNSTARRED QUESTION NO:1929
ANSWERED ON:28.07.2016
Rural Water Supply
Somaiya Dr. Kirit

Will the Minister of DRINKING WATER AND SANITATION be pleased to state:

(a) the details of amount allocated to Maharashtra under various rural water supply schemes during each of the last three years and the current year;
(b) the details of the amount utilized by the State during the said period and the achievements made so far;
(c) the present status of rural water supply in Maharashtra;
(d) the total number of villages having assured potable water supply in the State;
(e) whether any time-frame has been fixed for covering the remaining villages in Maharashtra; and
(f) if so, the details thereof?

Answer

MINISTER OF STATE FOR DRINKING WATER AND SANITATION
(SHRI RAMESH CHANDAPPA JIGAJINAGI)

(a) The details of amount allocated to Maharashtra under National Rural Drinking Water Programme (NRDWP) for the last three years and current year is as under:
(Rs. in crores)
Financial Year Central Allocation
2013-14 788.48
2014-15 780.06
2015-16 344.16
2016-17 (as on 25.07.2016) 346.16

(b) The details of the amount utilized by the state during the said period and the achievements made so far are as under:
Year Fund Utilization (Rs. in crore) Achievement
(No. of Habitations)
2013-14 Rs. 657.46 4064
2014-15 Rs. 901.96 3747
2015-16 Rs. 584.00 1566

(c) The present status of rural water supply in Maharashtra as on 01/04/2016 is as under:

Total habitation as on 01/04/2016 Fully covered habitations Partially covered habitations Quality Affected habitations
1,00,066 87,814 11,854 396

(d) This Ministry maintains habitation-wise data and not village wise-data with regard to rural drinking water supply in the country. As per information reported by State Govt. of Maharashtra on Integrated Management Information System (IMIS) of this Ministry, as on 01.04.2016, total number of habitations which are having assured potable water supply in the state is 87,814.

(e) & (f) Yes Madam. As reported by State Government of Maharashtra, there are total 12,252 partially covered / Water quality affected Habitations in the State as on 01.04.2016. Out of these, 1891 habitations would be covered in the Year 2016-17. Remaining 10361 Habitations will be covered in 5 years (from 2017-18 to 2021-22).
